Do not continue charging the battery if it does not reach full charge within the specified charging time. Doing so may cause the battery to become hot, rupture, or ignite. Unplug the battery charger from the wall outlet before cleaning. Our innovative technologies enable these onear headphones to reduce unwanted distractions while providing you with lifelike audio performance and a comfortable fit. An additional audio cable with remote and microphone for select Apple products allows convenient control of music, voice applications and calls. After that, charging time varies depending on the battery charge state. Insert the battery into the charger. Swing the plug prongs out of the charger body. Plug the charger into a live AC mains outlet. See "Charging the battery" on page 6. Headband Make sure the headphones power switch is off. Hold the headphones right earcup as shown. Insert the battery into the compartment. As you put on the headphones, observe the L left and R right markings that identify the left and right earcups. The remote is supported by iPod shuffle 3rd generation and later. Audio is supported by all iPod models. DO NOT use adapters intended for mobile phones as this could result in personal injury such as burns or property damage due to overheating. Right Left CAUTION The earcups rotate only in one direction. Incorrectly rotating the earcups can damage the headphones. However, you can simply wipe the outside surface of the headphones with a dry cloth, as needed. Also, be sure that the earcup ports are clear and that no moisture is allowed into the earcups. Use only a dry cloth to clean the electrical contacts on the battery, in the charger, or in the battery compartment of the headphones. See the inside back cover for contact information. Oriente los terminales del conector fuera del cuerpo del cargador. Antes de ponerse los auriculares, localice las marcas que identifican el auricular izquierdo L y el derecho R. <http://edu-soft.ru/site/htmlimages/componentes-electronicos-ecg-manual.xml>
