Register a free business account Please try your search again later.It has two universal couplers to easily support two users. At only 29 lbs weight, this unit is easy to carry and store.Amazon calculates a product's star ratings based on a machine learned model instead of a raw data average. The model takes into account factors including the age of a rating, whether the ratings are from verified purchasers, and factors that establish reviewer trustworthiness. Please try again later. Nickq 5.0 out of 5 stars Having been looking around, I found that most 6gal.Finally I went to the company website and sent them an email asking what was the HP rating. The next day I received their reply and was disappointed to hear it was only 0.8 HP. So with that I decided to let its performance show its worth. It came two days later fast!. After reading all instructions I turned it on, watching the time it took to reach its max 150 psi. I was surprised it took only less than 3 minutes. With hoses and a tire filler installed I waited a half hour and checked the pressure gage, and it had not shown any noticeable pressure loss. I topped off the tires of both my car and truck and then bled the pressure off. I then turned the unit around, over, upsidedown and inspected it overall for general quality; Weldment, materials, components and

workmanship.<http://ehomeforeclosure.org/images/deere-manuals-download.xml>

Evidently it manages its power well enough to arrive and maintain its pressure rating, and seems sturdy and well made. Btw, I am a retired Quality Assurance Specialist for the U.S. Department of Defense. If I were to inspect this product for acceptance on a govt contract, I would have no problem giving it my stamp and signature. Bottom line, a nice little compressor, especially at that sale price! I have needed one for a while, but kept putting it off. Im glad I did. Now I can use it to build things, blow out my computer cases, and inflate my car and bike tires. One thing I did notice is the regulator on this unit is not very precise. If I open the regulator a bit and get it back to 90 psi on the dial and hit the trigger again, it drops down to the 7580 psi again, but then does not go back up to 90. If I open it up to 100 psi, the same thing happens again, it will drop down while in use, but will not climb back up to the set psi. I dont know if I have a faulty regulator or not, but I have tried it with an air chuck too, and I get the same issue. I have updated the stars to reflect the replacement compressor.No regret purchasing. Worth it! Great Value! Worked great for recent fence project. Easy to move and had no issues at all. I am so glad that I purchased this and would highly recommend it for framing nail gun or any other projects you may need it for around the house!See attached pix, average 97dB. Remember that dB is a logarithmic scale, so 20dB louder than 78dB is not 27% louder than it should be. It's way more. This thing is deafening. It works, it gets to 150psi fairly quickly, but I'm very disappointed. I bought it bc it was supposed to quiet for a compressor. not. I have Bostitch air tools which have served me faithfully for years, and are of excellent quality so this is very disappointing.Ive shot over 1,000 nails and everything has run smoothly. I like that it is light and easy to move around. Plenty of pressure to drive the tools Ive tried.

Ear protection is a good idea, particularly when you depressurize the tank as the escaping air is extremely loud and can do damage to your ears. Im not crazy about all of the plastic and I am hoping everything holds out over the long term, but, so far so good.If you are just using it to fill tires or maybe rough carpentry then it works fine. However, if you are needing to rely on the regulator at all you are out of luck on this one. After messing with it for some time I figured out more or less a pattern to it. I could mess with it to get it to a pressure that I needed and it would stay there for a bit. However, after using the air for awhile the regulated pressure would drastically change. Every time air was used the pressure would drop, and often it wouldnt go back to the same value. Sometimes much higher, sometimes much lower. This is extremely frustrating when doing something that requires a fairly tight pressure range. I needed to stick between 7080 psi and the thing would drop below 60 very often and stay there the compressor was on and the main valve was reading 120150. And at other times it would allow the pressure to spike to over 100psi and sit there until I noticed and messed with it to bring it back down. I bought another one from a local hardware store and with the same exact model I am having the same exact issue. I bought a secondary regulator at the same time and decided to try it out and it works fine. So you either have to buy a different compressor, or factor in an after market regulator if you need it and do decide to buy this compressor.Hay que trabajar en ese sentido senores de Amazon por favor.Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again Asi mismo con una clavadora y engrapadora neumatica y todo bien. El nivel de ruido es muy similar a otros compresores de estas capacidades, sin embargo si considero que se recupera mas rapido que otros.Sorry, we failed to record your vote.

Please try again Inflated a tire and ran one of my nailers, no problems. One improvement I would like to see is a wing or T on the bottom bleed valve. I tried to transfer the valve from another brand of compressor but the threads were not compatible.Sorry, we failed to record your vote. Please try again Well worth the investment. Powers my pneumatic tools nicely for auto work, and other applications. I have had smaller 1 and 2 gallon tanks and they are not worth your money. Purchase a decent one the first time.Sorry, we failed to record your vote. Please try again Got it to do small

roofing jobs and it works perfect. No leaks or anything. Price The cheapest i found so i bought it soon as i saw the savings. Sorry, we failed to record your vote. Please try again Para pintura la capacidad del tanque es un poco baja y el compresor se prende a cada rato, pero si el ruido no les molesta, tambien es una excelente compra. Sorry, we failed to record your vote. Please try again Love the weight — can carry it onehanded. Sorry, we failed to record your vote. Please try again Working every day with this compressor and dont have any problem. It is not heavy and not so loud like other simillar compressors. Sorry, we failed to record your vote. Please try again In order to navigate out of this carousel please use your heading shortcut key to navigate to the next or previous heading. Your order will usually ship within 24 hours after payment. 30 Day Satisfaction Guarantee. See store policies for more details. Please call 8006293325 for any questions. For the price to value ratio I give this product a thumbs up. I ordered this and after a long wait it finally came thru the post office of all places and the box was torn up pretty bad and when I opened the box they didnt have any packing material to plotect it and I picked it up and the handle was broken on it an I shipped it back. This unique design makes the unit very stable and portable.

Most pancakes are rather noisy, however the 3 models reviewed here were specifically designed to produce less noise while still producing plenty of air power. All are similar powered, best selling models with 6 gallon air tanks. This 6gallon compressor is one of Campbell Hausfeld's new "Quiet Air Compressor Series" models. The Campbell Hausfeld DC060500 is specially designed for noise reduction and longer life of major components. Coupled with an efficient 1750 RPM single phase 1 HP AC induction motor that operates on standard household 120volt power with a low 7 amp current draw, you get a powerful, quiet compressor that you can plug in virtually anywhere. Making the DC060500 a great compressor for tire inflation and powering air tools such as nailers and staplers in addition to hobby air brush spray painting and air dusting of workbenches, machinery and auto interiors. Another minor flaw is the absence of dual air connectors, although this could be easily fixed with a trip to the hardware store, most competitors include dual quick connectors on their quiet pancake air compressors. We gave it an overall rating of 4.5 stars. The ball valve tank drain makes removing condensate from the tank a quick and easy job. DEWALT DWFP55126 6Gallon 165 PSI Pancake Compressor with DWFP12231 Pneumatic 18Gauge 2Inch Brad Nailer Kit Leaks were easily repaired, however on a DeWALT quality compressor this should not be an issue. We gave it an overall rating of 4.5 stars. Weighing only 29 lbs., the BTFP02012 is extremely portable and easy to lug around from job to job. We gave them an overall rating of 4 stars. Most consider the moderate price increase, a fair tradeoff for the decrease in volume of annoying noise over standard air compressors that are much louder, many over 85 decibels. Assuming, you understand the limitations, you should be happy with a new quiet pancake air compressor.

Hot dog, twinstack and pontoon, just to mention a few, add in horizontal or vertical stack and it can become quite confusing. Just remember that all of these compressor types are just motors that drive pumps to compress air. The compressed air is then stored in one or more tanks depending on the design of the compressor. Typically the quieter the compressor, the more expensive it is for a given size. If you're interested in a small quiet compressor, but are not stuck on the pancake design, then take a look at our best quiet air compressor reviews. All the compressors reviewed here are Amazon top sellers with hundreds of positive reviews. Just remember that quiet air compressors are no different from any other compressor when it comes to sizing. Be sure to calculate the maximum size you'll need to provide plenty of CFM for the tools you want to operate or tasks that you want to perform, and then make your choice. After logging in you can close it and return to this page. Local store prices may vary, there is no price matching between this website and the stores. We are not responsible for typographical errors. We reserve the right to refuse and cancel any order. Your eCTM will be stored in that account. If a Member has multiple Program Credit Cards they cannot be linked to the same Triangle Rewards Account. A Member can request the issuance of additional Triangle Rewards Cards that have the same account number as that Member's Triangle Rewards

Account. Collecting electronic Canadian Tire Money eCTM can be collected when you purchase Eligible Merchandise see below at participating Canadian Tire stores or online at canadiantire.ca or such other web site as may be designated by Canadian Tire from time to time. To collect eCTM you must present a Triangle Rewards Card or use a Cardless Method described below. You can also collect eCTM on that portion of a purchase charged to a Program Credit Card.

The Program Credit Card must be linked to a Triangle Rewards Account at the time the purchase is made in order to collect eCTM. The amount of eCTM collected on fuel purchases depends on the number of litres purchased. A minimum fuel purchase may be required before eCTM can be collected. The rate of collection may vary from time to time and by location and by type of tender used for payment so check at your local Canadian Tire gas bar. You can also collect eCTM on purchases that you make at other merchants that are charged to a Program Credit Card. The rate at which eCTM can be collected may vary from time to time and by location and is subject to change by Canadian Tire without notice. In addition, you may collect eCTM at a different rate if you pay with a Program Credit Card than you would if you use a Triangle Rewards Card or Cardless Method. Purchases made in a foreign currency with a Program Credit Card are first converted into Canadian currency as set out in the cardmember agreement prior to calculating the amount of eCTM that you have collected. If you use a Triangle Rewards Card or Cardless Method, it must be swiped or scanned or your phone number provided, as the case may be, before you make your purchase. When shopping online at canadiantire.ca or other website as designated by Canadian Tire, you must enter your Triangle Rewards Account number at check out to collect eCTM. Members are also eligible to collect bonus eCTM, or to collect eCTM at a promotional rate offered from time to time on the purchase of select items, upon the occurrence of certain events or as part of a promotion or offer, but unless otherwise indicated, bonus eCTM or eCTM awarded at a promotional rate is awarded only once for a transaction. You cannot use a Triangle Rewards Card or Cardless Method together with a Program Credit Card.

If you charge a purchase to a Program Credit Card, you will only earn eCTM at the applicable Program Credit Card rate then in effect, even if you also present your Triangle Rewards Card or Cardless Method. However, if you redeem eCTM to pay for part of a transaction and pay for the balance of the transaction with a Program Credit Card that is linked to a different Triangle Rewards Account than the account from which the redemption is occurring, all eCTM collected in respect of that transaction will be credited to the Triangle Rewards Account from which redemption is occurring. You will not be able to collect eCTM on that portion of a transaction in respect of which you redeemed eCTM. However, we may, from time to time and at our discretion, have special offers or promotions that would allow you to collect eCTM on that portion of a transaction in respect of which you redeemed eCTM. If you use more than one Program Credit Card to make a purchase e.g. split the cost between two or more cards, all eCTM collected on that purchase will be credited only to the Triangle Rewards Account linked to the first Program Credit Card that is presented. If you make payment using a Program Credit Card in combination with some other form of tender, only that portion of the purchase charged to the Program Credit Card will earn eCTM at the then applicable Program Credit Card rate. That portion of the purchases made with the other form of tender may be eligible to earn eCTM at a different rate. Delays may occur in recording eCTM to a Triangle Rewards Account. Redeeming electronic Canadian Tire Money eCTM can only be redeemed for merchandise including applicable taxes at participating Canadian Tire stores or at other locations designated by Canadian Tire. To redeem your eCTM you must present your Triangle Rewards Card or Cardless Method or Program Credit Card to the cashier with your purchase.

Please note that in some Canadian Tire stores it may not be possible to simply provide your phone number when redeeming eCTM; presentation of your Triangle Rewards Card or Program Credit Card or scanning of the Program App may be required instead. You may not redeem eCTM from more

than one Triangle Rewards Account for the same transaction. You must have enrolled in the Program, or have activated your Program Credit Card, in order to redeem eCTM. What Happens When an Item is Returned. If you return an item for a refund and had received eCTM when you purchased such item, such amount of eCTM will be deducted from your Triangle Rewards Account. Merchandise that was purchased either in whole or in part by redeeming eCTM may not be returned for cash, rather, the connected Triangle Rewards Account will be credited with the same amount of eCTM used to make the original purchase. Expiration of Electronic Canadian Tire Money We may expire the eCTM in your Triangle Rewards Account in the event that there has been a period of inactivity of 18 months or more. For the purposes of this section, "inactivity" means that there has been neither a transaction in which you have collected eCTM, nor a transaction in which you have redeemed eCTM during the period in question.

Termination of Membership and Cancellation of the Program Membership may be terminated by Canadian Tire if any of the following events occur A the Member has failed to comply with any of these terms and conditions, or Canadian Tire determines that the Member has abused the Program or has made any misrepresentation or false statement to Canadian Tire; B the Member dies; C the Member becomes bankrupt or insolvent or any bankruptcy or insolvency proceedings are commenced by or against the Member, D the Member is charged with a "designated offence" as defined in the Criminal Code Canada, E the Member's Program Payment Card is terminated by Canadian Tire Bank, or F Canadian Tire suspects the Member of any fraudulent activity in connection with the Program or the use of a Program Payment Card. A Member may choose to cancel his or her membership by written notice sent to the address below or by calling Program customer service. Termination or cancellation of membership in the Program will result in the immediate closing of the Member's Triangle Rewards Account and the cancellation of all eCTM in such Triangle Rewards Account without any compensation or other liability to the Member. Termination of a Member's Triangle Rewards Account will also result in the Member no longer being able to use a Program Payment Card linked to the Program. Canadian Tire may, in its sole discretion and at any time without prior notice either i cancel the Program or ii except if you are a Member residing in Quebec, Ontario or such other province where prohibited by law, establish a date upon which eCTM will expire and may no longer be used. Merging Triangle Rewards Accounts At Canadian Tire's discretion, Members may be able to merge their Triangle Rewards Accounts into a single account.

That merged account will bear the Triangle Rewards Account number of one of the accounts being merged and one Member will be designated as the holder of that account with full power and authority to deal with the account, including closing it, and will become the "Member" hereunder. All Members wishing to merge their Triangle Rewards Accounts will need to consent to the merger and agree on which account number will be designated as the number for the newly merged Triangle Rewards Account and who the account holder will be. All remaining Triangle Rewards Account numbers will be cancelled and the persons who are not designated as the account holder will no longer be Members in the Program. Donating electronic Canadian Tire Money Members may be able to donate their eCTM to select charities or community groups. Please visit the Program Website for details about donating eCTM. Lost or Stolen Triangle Rewards Cards If a Triangle Rewards Card is lost, stolen or destroyed, Canadian Tire will issue a new card on presentation of proper identification, and the balance in the Member's Triangle Rewards Account will be transferred to a new Triangle Rewards Account. Canadian Tire assumes no responsibility if eCTM has been used by anyone who presents a lost or stolen Triangle Rewards Card, Cardless Method or Program Payment Card before Canadian Tire is notified of such loss or theft. Partner Locations We may, from time to time, designate certain other merchants as locations at which you can collect or redeem eCTM a Partner. If you redeem eCTM at a Partner we are not responsible for any loss, damage, injury, death or expense as a result of any item or service you acquired at such Partner. General

eCTM is not exchangeable and cannot be redeemed for cash or made subject to any security interest. These terms and conditions, as amended by Canadian Tire from time to time, constitute the entire agreement between the Member and Canadian Tire with respect to eCTM.

On occasion, Canadian Tire, our various businesses within the Canadian Tire family of companies and any Partners may communicate special offers, information and services to Members by email, text message standard text messaging and data rates may apply or other communication preferences selected by you using the contact information you have provided. Any Member who does not wish to receive these offers may so indicate on the Program Website or by calling Program customer service at 18002268473. Please note that even if you have opted out of receiving marketing communications, we may still contact you for the purposes of administering your account and sending you transactional or operational messages. Any waiver by Canadian Tire of any of these terms and conditions at any time does not mean that Canadian Tire cannot rely on these terms and conditions at any subsequent time. No delay or omission by Canadian Tire in exercising any right or remedy hereunder shall operate as waiver thereof or of any other right or remedy. All Triangle Rewards Cards remain the sole property of Canadian Tire and, if requested by Canadian Tire, must be returned to Canadian Tire upon the cancellation of a Member's membership in the Program. The Member is responsible for informing Canadian Tire of any change to his or her personal information e.g. name, address, email, etc., by visiting the Program Website or by calling Program customer service. Canadian Tire reserves the right to terminate a Member's participation in the Program or to block a Member's ability to use the Member's eCTM if Canadian Tire has inaccurate or incomplete information respecting the Member. Enrolment in the Program constitutes acceptance of these terms and conditions and each applicant for membership in the Program consents to the collection and use of personal information in accordance with the Canadian Tire Privacy Charter, as amended from time to time.

If any provision of these terms and conditions is invalid or unenforceable, such provision will not affect the validity and enforceability of any of the remaining terms and conditions. Participants are responsible for any taxes, duties or other charges associated with their participation in the Program. Any written notice to Canadian Tire may be sent by ordinary mail to Triangle Rewards Program PO BOX 2000, Station Main Welland, ON L3B 5S3 We may cancel any eCTM that has not been properly issued or that we believe has been issued due to fraudulent conduct or conduct that is inconsistent with these terms and conditions or the spirit of the Program. The version of the terms and conditions that is posted from time to time on the Program Website will govern the Program. These terms and conditions are governed by the laws of Ontario and the federal laws of Canada applicable in Ontario. You will be provided with written notice of any amendment to these terms and conditions setting out the new clause only or the amended clause and how it read formerly and the date that the amendment will take effect at least 60 days, but not more than 90 days, before it is to take effect. Upon receipt of the notice, you may choose to reject the amendment and rescind these terms and conditions. These terms and conditions are governed by the laws of Quebec and the federal laws of Canada applicable in Quebec. It is your express wish that these Program terms and conditions be written in the English language. All Canadian Tire companies have adopted the Canadian Tire Privacy Charter Privacy Charter . A list of frequently asked privacy questions FAQs is available to provide you with examples and instances of how your personal information may be collected, used and disclosed. Our policies and practices have been designed to comply with the Personal Information Protection and Electronic Documents Act and provincial private sector privacy acts.

Our Privacy Charter may be amended from time to time. A copy of the most current version of our Privacy Charter and our FAQs can be obtained online at triangle.com or by calling 18002268473. We may provide your personal information to Canadian Tire affiliates or to other third party Marketing Partners, including under a Loyalty Program, so that they can notify you directly of products,

services, rewards and special offers that may be of interest to you. These notices may be given to you by postal mail, email, facsimile, telephone, text message or other form of electronic messaging using the contact information that you provide to us. Withdrawal of consent to collect, use and disclose your personal information may restrict our ability to provide you with some products and services, such as the privileges and opportunities of being a member of the Loyalty Program. You may always withdraw or refuse your consent by clicking on the unsubscribe link in our email communications or by contacting us at 18002268473. Your request will be promptly processed but may not be in time to remove you from promotions already in progress.
